

Erysipelas

Afflicted for More Than Twenty Years—No Symptoms of the Trouble Since Taking Hood's.

"For more than 20 years I was troubled with erysipelas and I have derived so much benefit from Hood's Sarsaparilla I feel it my duty to recommend it. The erysipelas appeared on my head and was attended with great swellings, intolerable heat, severe pain, drowsiness and at times delirium. Physicians prescribed for me, but with only temporary relief. About a year and a half ago I began taking Hood's Sarsaparilla and I took four bottles. Since then I have not had the least symptom of erysipelas. I am also feeling better in every way." Mrs. Susan L. Johnson, Hollow, Missouri.
